

Venue Emergency Action Plan

Granogue Wilmington, DE

PURPOSE

EAPs are an integral piece of the overall system we use to proactively identify and manage the risks inherent to the sport of mountain biking, while supporting the goals of developing student-athletes as riders and having fun. EAPs help you think through the challenges and appropriateness of each venue, as well as help you plan ahead and prepare for managing incidents that occur during events. NICA's first aid requirements for medical staff are largely dictated by whether an injured person can reach definitive care within one hour. EAPs help league leaders predict likely timelines to definitive care for each venue and for specific areas within the venue.

Venue and Course (s) map with Emergency Access Points:

Venue Map [EAP Copy of Adventure Escape To Granogue](#)

✓ In the event of a serious injury, always call 911 first.

Venue Emergency Action Plan

Granogue Wilmington, DE

ADDITIONAL GUIDELINES

- ✓ **In the event of an injury during the event, contact the Medical Coordinator & Event EMS for appropriate response.**
- ✓ Check the **weather forecast** before every event. Here's [NICA's Event Weather Guide](#).
- ✓ Coaches, student-athletes and staff should have all appropriate equipment, clothing, food and hydration at all times.
- ✓ Carry blank copies of the [NICA Incident Report Field Notes](#) with you at all times. Start documenting the injury and incident at the scene.
- ✓ Ensure your event's EMS services comply with NICA's requirements by reviewing [EMS Partner Scope of Services](#)
- ✓ Review league event staff's **risk management plan** and NICA's [Event Emergency Protocol](#) once yearly before your league's first event.
- ✓ In the event of an injury, after parents or family have been contacted, **call your league director** if the injury may result in an overnight hospital stay or you deem as very severe.
